

BHARAT PRIDE 2024

National Science Technology
Innovation & Industry Expo-2024

Science Expo 2024

The Largest Ever Science Expo in Telangana

Welcome to the 3rd Edition of BHARATH PRIDE

Dates : 18th to 20th December - 2024 ,
Hyderabad, Telangana.

Organised by :
Jagruthi Youth Association, Telangana

Bharat Pride is a national level science promotion program, which includes National Science Technology, Innovation & Industrial Expo; Theme Seminars; Student' Competitions etc. This event is a celebration of India's innovative spirit and its contributions to the world of science and technology. This Bharat Pride expo brings together the brightest minds from R&D sector, academia, industry and government R & D Organisations to showcase their latest innovations and products.

At the Bharat Pride National Science & Industrial Expo, you will get a chance to explore the latest advancements in various fields such as Defence, Aerospace, Biotechnology, Information Technology, Energy, Agriculture, Healthcare, Rural Development, and many more. The event features numerous exhibits, interactive displays, and engaging presentations that will inspire and educate visitors of all ages.

PURPOSE

In our country, it is a very important way to make young people interested in acquiring new knowledge, ask questions, and start the quest for the answers to accomplish national goals. The Bharat Pride features many points of entry for students, scientists and engineers to get involved directly in public outreach thus, inspiring masses to become a science ambassador. Bharat Pride intends to promote Science related careers and demonstrate how science can help India to become a developed country in a very short span of time.

OBJECTIVES

The BHARAT PRIDE 2024 aims to help youth, develop their skills required for the 21st century, with a focus on scientific knowledge, creativity, critical thinking, problem solving, and teamwork. BHARAT PRIDE 2024 Expo is the largest platform of showcasing India's Scientific Achievements and Technological Advancements which inspire the Visitors and make them feel proud of the nation and ignite the patriotism.

Another long-term objective is to encourage students to study and work in scientific fields. The focus on the India's most fascinating discoveries and inculcate scientific attitude in the students' fraternity.

THE FIRST BHARAT PRIDE :
